MANTA4 Features

MANTA4 Overview

The Forestry Helmet is fitted with a Hellberg stainless steel mesh visor to standard EN1731 (clear visor option is also available). In addition, this helmet can also be fitted with Sordin or Peltor ear defenders.

The Hot Cutting Helmet is fitted with an 8" shade 5 tri-acetate visor for thermic lance hot cutting.

MANTA

Options

TACTICAL/POLICE/MILITARY

Tactical/Police/Military Helmet can be used for a variety of operations including maritime boarding, method of entry, protestor removal, CBRN, rope access and search teams.

RECOVERY

The Recovery Helmet is designed for use on car transporters, car recovery and highway traffic.

FORESTRY

The Forestry Helmet is fitted with a Hellberg stainless steel mesh visor to standard EN1731 (clear visor option is also available). In addition, this helmet can also be fitted with Sordin or Peltor ear defenders.

TYPHOON RESCUE

The Manta 4 Rescue Helmet can be upgraded to the Typhoon Rescue Helmet to include front shroud, go pro torch and tactical side rails. An external full or half clear visor can also be fitted as well as a full Velcro kit. The helmet is designed for use in extreme weather conditions.

HOT CUTTING

The Hot Cutting Helmet is fitted with an 8" shade 5 tri-acetate visor for thermic lance hot cutting.

MARINE SAR & PILOTS

This helmet can be used for maritime operations and marine pilots. The Manta helmet is a multi-role helmet allowing it to be used in various marine environments.

FIRE RESCUE

The Fire & Rescue Helmet can be used for a variety of operations including swift water, boat operations, USAR, wildland fire fighting, animal rescue, road traffic incidents, confined spaces and rope access.

TORCH OPTIONS

A variety of torches can be added including but not limited to Peli and Petzl. Three options available for mounting torches to helmet: -
Option 1 - Self adhesive pad mounted to front of helmet
Option 2 - Mounted bracket to side of helmet
Option 3 - Additional clips fitted to side of helmet to allow user to attach elasticated headband torch.

AMBULANCE

The Ambulance Helmet is a lightweight helmet weighing only 1.34lbs and is designed for paramedic rescue ensuring the user is comfortable wearing the helmet for lengthy periods of time.

INTEGRAL VISORS

VENT COVERS & COLOUR OPTIONS

We also have interchangeable coloured vent covers that can be used to identify specific roles within operations. We can add vinyl graphics to the vent covers denoting role or rank in an organisation. Should the user change roles, the vent covers are then replaced with the new role/rank, saving the user having to buy a new helmet.

MANTA

Branding

We pride ourselves on the branding we offer to our customers, enabling helmets to become personalised to organisations, people, skills and roles. This is key in operations where multi organisations are working together as it allows immediate identification of people's skill sets and roles.

Company logos and branding can be added to the helmets as well as wording such as rank or role.
